Report to the Mount Vernon School District Board of Directors
February 20, 2019

Our Goal

100% of our students will graduate with the knowledge and skills necessary to be successful in postsecondary education, careers, and life.

Our Vision

To graduate inspired and critical thinkers who embrace diversity and are committed to the betterment of their own lives and the lives of others.

Our Mission

To expect, encourage, and facilitate the pursuit of excellence and lifelong learning in our students.

Key Strategies

Strategy 1—Early Learning

WaKIDS: Students with Characteristics of Entering Kindergarteners

Strategy 2—Powerful Teaching & Learning

Student Growth Percentiles

- Washington state uses Student Growth Percentiles to measure growth in students' English Language Arts and Math skills from one grade to the next
- Individual Student Growth Percentiles are determined by comparing students in the same grade level who had similar scores in the previous year and then measuring their current performance relative to the similar peer group
- A school level Student Growth Percentile is determined by taking the median Student Growth Percentile for a specific subject and grade level at the school
