

# MVHS GRADING

## GUIDING PRINCIPLES

- ✘ Revise MVHS grading practices to be in line with OSPI Guidance
- ✘ Do no harm
  - This is not what our students anticipated.
  - We are learning how to do this distance teaching on the fly.
  - We cannot guarantee that we are grading our students' learning.
  - We cannot make equitable exceptions.
- ✘ Seek educational justice (i.e., our most disadvantaged students should not be the ones that emerge from this pandemic with increased barriers to their success.)
- ✘ Incentivize engagement, effort, and mastery for students who are enfranchised to remain connected
- ✘ Reduce barriers both in the present and future.

# GRADING SCALE

## Recommendations

Institute a Grading Scale of A, B, C, based on the following percentages:

A = 100 – 80% (Passing grades pre-closure/during closure: consistent engagement with online learning)

B = 79– 50% (Student was passing pre-closure/during closure: within range of passing but has limited engagement)

C = 49% and below (in need of intervention in subsequent grade/subject)

\*Incompletes will not be issued as we feel it will be detrimental for student future opportunities for learning and ultimately student graduation
